Encoders
PASSION FOR SOLUTION IN AUTOMATIZATION
Development, production and service

INDIVIDUAL SOLUTION FOR OUR CUSTOMERS

- tailor-made encoders improvements
- the most using encoders in stock
- speed delivery
- reliability and long life-time
- 40 years’ experience in the field

Our encoders are used all over the world
Our products

ENCODERS
HAND WHEELS
ACCESSORIES
GAUGES

Optoelectronical absolute/incremental
Connectors, encoder holders, encoder clips, pinions, connection cables
Draw-wire encoder

Magnetical absolute/incremental
Hand wheels
Gauges
Optoelectronical and magnetical encoders

Application areas

Incremental
- Industrial automation
- Machine tool
- Industrial robots
- Textile machine

Absolute
- Printing machine
- Road construction machinery
- Building machine
- Woodworking machinery

OPTOELECTRONICAL and MAGNETICAL encoders
Measuring relative position, length, angle of rotation, and the number of revolutions.
Rope encoders, gauges, hand wheels

Application areas

**DRAW-WIDE ENCODERS**
- material feeders
- lifts and elevators
- manipulation machinery
- packaging lines
- building control

**GAUGES**
- precise engineering
- checking and separating machines
- chain measuring
- automatic measuring
- data collecting for electronical processing

**HAND WHEELS**
- automatic machines hand operating
- system information entering
